# FOOD & BEVERAGE

## *A Fully Tailor-Made Experience*

From elegant cocktail receptions to refined lunches and dinners, each culinary experience is thoughtfully crafted to complement your event.

Whether for a business lunch, cocktail reception or private dinner, every detail is imagined entirely to suit your vision.

# ACTIVITIES

All year round, the Gulf of Saint-Tropez offers a wealth of experiences on land, at sea and in the air – from Mini Moke rides through the village and vineyard discoveries to boat excursions and lively moments on the iconic beaches of Pampelonne.

Our dedicated concierge team ensures that every detail is meticulously planned in advance, creating magical and unforgettable experiences for each of our guests and perfectly orchestrated events.

# SUSTAINABILITY

We are fully committed to sustainability, managing plastic, glass, and food waste, and maintaining low electricity consumption. Recycled materials are used for paper, vanity kits, dental and shaving supplies, and filtered Purezza water serves both rooms and staff.

Our vineyard produces organic wine, with grapes carefully hand-harvested, and we also produce our own olive oil from the hotel's olive trees for our guests.

We are about to obtain the Green Key certification, ensuring that every aspect of our operations reflects our commitment to environmental responsibility and authentic local experiences.
